xx	Page	Sutton	Nissan							10.0	

As often seen the best Ice Race total was on non-studded tires, 5 seconds faster than best studded total.
 The best 2WD total (non-studded Nittos) would have ranked #2 in 4WD studded or #8 in 4WD non-studded

ICE RACE: Each vehicle will receive .1 point per tenth of a second slower than the fastest in it's "category". (Used for **Ice Race** scoring **only**, these categories are 2WD, 4WD **without** studded tires, and 4WD **with** studded tires. If there is only **one** entry in a category, for successfully completing all runs they will receive an ice race score equal to the overall ice race winner). Maximum penalty per venue is 5 points for each of 2 scored runs, calculated by comparing first the best run for each vehicle, then all "second best" runs.
